## Science

Sixth grade astronomers understand the lunar phases as well as why eclipses periodically occur. With our first test behind us, your children are learning how to study independently, preparing themselves for a successful transition into junior high. To support your young scientists, you could ask if they have reviewed their vocabulary words and notes and are familiar with the critical thinking concepts.

## Reminders

Please remember to sign your child's planner every single night. Even when we have long weekends or breaks, we ask that you still sign planners. This helps us keep consistency in all that we do!

Starting on Monday, September 16, writing will be taught in homerooms rather than in Literature groups. Writing will be a part of our new Language Arts block, which will also include grammar. Poetry will continue to be part of Language Arts as well.

Please note: Parents and students are never to exit through the side door, that is an emergency exit only. Please use the main entrance of building A.

## Poetry

Our next poem is "*I Wandered Lonely as a Cloud*" by William Wordsworth. The recitation will be September 24.

## History

Our next history quiz over lessons 5-10 will be given September 18.

## Dates to Remember

**September 16:** Board Meeting, Dome, 6:00 P.M.

**September 17:** Picture Day

[www.mylifetouch.com](http://www.mylifetouch.com)
