Student Medication 2021-2022

Parents are encouraged to administer medication to their children outside of school hours if possible. Only medications that are required to enable a student to stay in school may be given at school. If necessary, medication prescriptions or over the counters can be given at school under the following conditions:

1. All medications must be ordered by providers with prescriptive authority in Colorado (MD, DO, NP, PA).
2. All medication forms must be renewed each school year (1 full year) and signed by parents and provider in all cases.
3. Medications must be in the **original, properly labeled container**. **Medications sent in baggies or unlabeled containers will not be given.**
4. All medications must be kept in the health room. Self-carry medications need to be evaluated by the school nurse.
5. **Emergency asthma or allergy medication** may be carried and self-administered by a responsible student as determined by the school nurse. A written contract is required between student, parent, physician and school nurse.
6. **If medication is an Inhaler, Insulin, Anti-convulsant or EPI-pen, student needs an Emergency Care plan with Medication Orders signed by provider. We have Asthma, Allergy, Diabetic, and Seizure Emergency Care Plans available. The above emergency care plans also have medication orders thus you will not need this form.**

✓**The information/form below must be completed and signed by the health care provider.**

✓**In addition, the medication bottle must match the prescription as written below.**
